

MEDICAL CHECKUP IN MAYFAIR

~ Yadwinder Pal Singh (10-B) & Gurmanpreet Singh (10-B) ~

Reporters, Modern School Life Magazine

July 31, 2017.

TO ACCESS THE normal development of the child, regular medical checkups are done in the school. The resident doctor uses growth chart to figure out the child's height and weight. There was a medical checkup of all the students of Nursery and K.G. on 31st July 2017. Dr. Baljinder Kaur visited Mayfair nursery school with her height chart and weighing machine for the checkup. All the students according to their classes were lined up and the height/weight figures were noted down.

A diary note for the medical checkup was given one week prior to the students and medical health forms were filled on P.T.M.
