AUGUST 6, 2018.

WE ALL ARE FULLY aware that ‘Cleanliness is next to godliness’. But how many of us really make an effort to keep our surrounding clean?

On August 4, 2018, 25 students of MSSP attended a workshop on ‘Compost making’ organized by Municipal Corporation at Yadvindra Enclave. The students accompanied by our five teachers - Mrs. Charanpreet Kaur-I, Mrs. PurnimaVerma, Mrs.Kuljeet Kaur, Mr. Ankush Sharma (Lab asst.) and Sh. Sharvan Kumar our school gardener attended the workshop. The students were taught about the

Importance of cleanliness, how to minimize wastage and manage waste. They were told how to make a compost pit. Mr. Dalip Kumar XEN (Horticulture) highlighted the benefits and importance of organic compost. They also learnt how to segregate and dispose off waste efficiently. Primarily, themed on ‘Swachh Bharat Mission’, this workshop instilled in our students dedication and initiative to stay in clean and healthy environment. Our School is making efforts to be an eco-friendly institute and teach the same to their students.
