

# \* THE ASHTSIDHIES OF HANUMAN JI\*

~ Arshdeep Kaur(IX-B),Ridhima & (IX-B),Mansi Rawat(VII-A) ~  
Reporters, Modern School Life Magazine

January 15, 2019

ART AND CRAFT is one of the most popular and amazing activity of Modern Senior Secondary School.

We, the reporters of Life Magazine interviewed Art and Craft students from Middle School and we found them full of enthusiasm with the project they were working on. They told us that this time they were working on Ashtsidhies of Hanumanji. They informed us about the eight supernatural powers of Hanumanji, which are Anima, Garima, Laghima, Mahima, Prapti, Prakmaya, Ishitvam and Vishtvam. It was brilliant at their part that they were trying to explain each sidhi with a simple story along with the scene which in itself was great to view and read. Under the guidance of art and craft teacher

Mr. Naar Singh they were decorating each and every scene with love and devotion.

We were surprised to look at the 3D effect given to the Hanumanji. It was looking so real that everyone was spellbound. Later on, when students had finished their task, it was displayed on the board . It was great to know that students of grade IX from the Life Magazine team also helped their juniors in completing their project. As value based education being the vision of our school, our students are not only working hard in academics but they are also keen to learn values like helpfulness, cooperation, etc. in their lives.

**\*WELL DONE!!\***
