**October 4, 2024**

On October 4, 2024 our youngest animal lovers of **Nursery, LKG, and UKG** celebrated the **World Animal Day** with great enthusiasm and zest.

Their favourite animal toys became living creature. They also shared fun facts about animals

which made them learn about the wonderful creatures they adore.

The day was concluded by making posters of the animals they were fond of. It was '**fun and learn**' activity for them.
