## Sidhbari experience

The experience of Sidhbari was very enthusiastic and it was the best experience of my life. Now, I am going to narrate the experience of my visit to Sidhbari Town.

On 6<sup>th</sup> May our music team departed from school, as we had our performance at Sidhbari, Himachal Pradesh. This was my first time visiting a distant place. On the midway, we stopped to seek blessings at Gurdwara Bibhor Sahib where we ate langar. I had so much fun while travelling with my friends. When our bus passed Kangra, we felt breezy atmosphere as it was a high hilly area. When we finally arrived at Sidhbari, we met Nanki mam at the gate who greeted us very warmly. She guided us to lunch area as we were really hungry. Afterwards, we visited various sacred temples and witness arti that was being done in a proper Vedic style. In the evening we rehearsed for our performance.

as we wanted to leave no stone unturned to give our best on out. After a long practice session, we had our dinner and went back to our rooms. Next morning we woke up and first visited the Simadhi to seek blessings for our performance that resulted in the best musical choir by far and everybody in the audience appreciated us a lot. We were being asked by number of people from abroad if we could visit there place for our musical performance. Even Swami Swaroopananda ji gifted us spiritual books that throws light upon the significance of mool mantra. Then we went to explore Mcleodganj where we had our best time for which we are thankful to our president mister Jyhar Singh. On the last day, the Himachali Dham was the best moment of our trip in which we had rice with different dishes. The taste was really mesmerising. Finally we left for Patiala leaving behind our Golden Time that we will always remember through out our life.
